suymuri

la libertà di disegnare la luce
con una diversa percezione dello spazio

e-memo

geometrie lumineuse
luminous geometries

leggero e flessibile suymuri è un sistema che illumina lo spazio portando la luce dove vuoi, dalla parete al soffitto con una composizione luminosa, che utilizza profili *standard* di diverse lunghezze e collegati fra loro con elementi lineari da 50 a 200 cm, modulari e ad angolo.

light and flexible suymuri is a system that illuminates space by bringing light wherever you want, from wall to ceiling with a light composition, which uses standard profiles of different lengths and connected together with linear elements from 50 to 200cm, modular and corner elements.

elementi che disegnano geometrie luminose lasciando la libertà di modellare l'illuminazione con le singole componenti, nei più svariati spazi.

elements that design luminous geometries leaving the freedom to model the lighting with the individual components, in the most varied spaces.

suymuri sistema, elementi che disegnano geometrie luminose lasciando la libertà di modellare l'illuminazione con le singole componenti, nei più svariati spazi. corpo in alluminio disponibile nelle misure standard 50, 100, 150 e 200 cm, con finitura verniciato *totalwhite*, *totalblack* e ottone.

suymuri sistema, elements that design luminous geometries leaving the freedom to model the lighting with the individual components, in the most varied spaces. aluminum body available in standard sizes 50, 100, 150 and 200 cm, with totalwhite, totalblack and brass painted finish.

versione con driver esterno a richiesta
